(a) All claim figures in the above table are based on Accepted claims only, that is, claims where the insurer allows the application for compensation and liability continues to be accepted by the insurer. Claims resulting in an initial decision of rejected, cancelled or no decision are not included in these totals.

(b) All industry codes are based on the insurers' coding of industry to the divisions from the "Australian and New Zealand Standard Industry Classification" (ANZSIC), ABS. Details of what is included in each industry can be found in Appendix 2 - Industry classification codes, in the Q-COMP 2009/2010 Statistics Report available at <http://www.qcomp.com.au/forms-and-publications/Annual-and-Statistics-Reports>.

(c) Month Intimated is the month in which the claim was initially lodged with the insurer. Re-openings on the same claim have been excluded from this count.
